

# 2338263 - SLD: General corrections for non-taken vacation (L13) liquidations

Version	3	Type	SAP Note
Language	Inglés	Master Language	Inglés
Priority	Correction with medium priority	Category	Correction of legal function
Release Status	Released for Customer	Released On	05.08.2016
Component	PY-ES (Spain)		

Please find the original document at <https://launchpad.support.sap.com/#/notes/2338263>

## Symptom

You face one of the following symptoms in the Complementaria por vacaciones no disfrutadas (L13) liquidation when running the SLD: fichero de bases (RPC\_PAYES\_CRETA\_BASES) report for an employee with non-taken vacation:

1. The L13 liquidation reports the I 51 M indicator. The file is rejected by the Spanish Social Security with the Dato solicitado proporcionado no requerido o erróneo (R9502) error code.
2. The VND liquidation is reported with the liquidation type indicated in the Tipo liquidación complementaria (HRPAYES\_CRETA\_LIQ\_TYPE) screen field. The L13 liquidation is not reported.

## Other Terms

&SLD - PC00\_M04\_CRETA\_BASES (for more information, see SAP Note 1071282)

VND, L13, I 51 M

## Reason and Prerequisites

1. Even when the I 51 M indicator is mandatory in the L00 liquidation, it causes the L13 liquidation to be rejected.
2. VND should always be reported in an L13 liquidation.

The following Support Package level is the minimum prerequisite:

Release	Support Package
6.08	HR SP 12
6.04	HR SP 84
6.00	HR SP B8

(For more information, click on "HR Support Packages Schedule" in [support.sap.com/maintenance-schedule](https://support.sap.com/maintenance-schedule))

## Solution

Corrections to the source code of the lcl\_interval\_controller class have been provided to solve this issue.

1. The I 51 M indicator is not reported in L13 liquidations. This correction has been made in the create\_interval\_data method.

2. The liquidation type of VND liquidation will always be reported as L13. This correction has been made in the call of the get\_liq\_type method.

Version	Date	Reason
3	August 5, 2016	Released for customer

As a general rule, SAP recommends that you install a solution by applying a Support Package. However, if you need to install the solution earlier, proceed as follows:

1. Use Note Assistant (SNOTE) to implement the correction instructions.

You can find more information about the Note Assistant in SAP Service Marketplace, under [service.sap.com/note-assistant](http://service.sap.com/note-assistant).
