

## 2362293 - SLD: Negative complementary hours

Version	2	Type	SAP Note
Language	Inglés	Master Language	Inglés
Priority	Correction with medium priority	Category	Correction of legal function
Release Status	Released for Customer	Released On	15.09.2016
Component	PY-ES (Spain)		

Please find the original document at <https://launchpad.support.sap.com/#/notes/2362293>

### Symptom

You run the SLD: fichero de bases(RPC\_PAYES\_CRETA\_BASES) report for an employee with less than 1 horas complementarias(complementary hours) in a month with more than one interval. You face the following symptoms:

1. One of the intervals reports a negative Numero de horas complementarias(H02) number of hours.
2. Another interval reports a Horas complementarias (563) concept amount higher than the Horas extras complementarias (/124) wage type amount calculated by the Spanish Payroll.

### Other Terms

&SLD - PC00\_M04\_CRETA\_BASES (for more information, see SAP Note 1071282)

### Reason and Prerequisites

As the SLD Bases file does not accept decimal parts of hours, 1 hour is reported when there is less than 1 complementary hour. With the information contained in the H extras resto o complen. (/853) wage type, it is not possible for the report to know the exact distribution of the hours among contribution intervals generated from the same payroll result.

1. When trying to proportionalize the amount related to one interval, the result is an amount higher than the total amount to distribute.
2. When trying to calculate the remaining hours to distribute to the last contribution interval, the result is a negative number of hours.

The following Support Package level is the minimum prerequisite:

Release	Support Package
6.08	HR SP 13
6.04	HR SP 85
6.00	HR SP B9

(For more information, click on "HR Support Packages Schedule" in [support.sap.com/maintenance-schedule](https://support.sap.com/maintenance-schedule))

### Solution

Corrections to the source code of the RPCPAYES\_CRETA\_CONTRIB\_CIMP and the RPCPAYES\_CRETA\_CONTRIBPTH\_CIMP includes have been provided to solve these issues:

1. Now, amounts higher than the total amount to distribute are reduced to the total amount to distribute.
2. Now, negative hours are not distributed in case of multiple contribution intervals generated from the same payroll result.

Version	Date	Reason
2	September 15, 2016	Pilot release

As a general rule, SAP recommends that you install a solution by applying a Support Package. However, if you need to install the solution earlier, proceed as follows:

1. Use Note Assistant (SNOTE) to implement the correction instructions.

You can find more information about the Note Assistant in SAP Service Marketplace, under [service.sap.com/note-assistant](http://service.sap.com/note-assistant).
