Solution

Before this note, the Autoaseguradoras reduction was applied to the employer and the employee, which is still the current standard behavior. Now, you are able to decide to apply the Autoaseguradoras reduction only to the employer through a customer option.

New customer option AAEER:

The customer option Reduc. cuota trab. Autoas. (AAEER) of Asignación de opciones a situaciones (V_T5EU3) view was created.

There are two possible values for this option:

- 00 - Desactivada
 - Autoaseguradoras reduction applied to both the employer and the employee contributions. This value will keep the reduction working as it has been working until now and it is the current standard behavior.
- 01 - Activada
 - Autoaseguradoras reduction applied only to the employer contribution. This is, the Red.cuota CC empleado (/358) wage type is not generated.

As a general rule, SAP recommends that you install a solution by applying a Support Package. However, if you need to install the solution earlier, proceed as follows:

1. Apply the manual pre-implementation steps.
2. Use Note Assistant (SNOTE) to implement the correction instructions.

You can find more information about the Note Assistant in SAP Service Marketplace, under service.sap.com/note-assistant.

To avoid problems with retroactivity the changes were sheltered with the protect correction 'NOTE' '02339740' on table T5F99VD. For further information see note 515323.
