

2407739 - CONTRAT@: Error message when the Valid Until date is not filled

Version	1	Type	SAP Note
Language	English	Master Language	English
Priority	Correction with medium priority	Category	Correction of legal function
Release Status	Released for Customer	Released On	23.12.2016
Component	PY-ES (Spain)		

Please find the original document at <https://launchpad.support.sap.com/#/notes/2407739>

Symptom

You update an Elementos contrato (0016) infotype entry for an employee with a temporal contract. If the Durac.lim.hasta (CTEDT) field is not filled, the entry cannot be saved and the following error message is displayed:

Duración contrato inferior a duración mínima. Corrija fecha límite.

Other Terms

&CONTRAT@ (for more information, see SAP Note 1071282)

Reason and Prerequisites

This issue is a side effect caused by the solution delivered by SAP Note 2387479.

Good to know: when you install an SAP Note, some prerequisites might be required. The prerequisites are SAP Notes that were already released and that change the same context of the current SAP Note. So, even if these prerequisites are not necessarily related to the symptom of the current SAP Note, you should implement them due to technical reasons.

The following Support Package level is the minimum prerequisite:

Release	Support Package
6.08	HR SP 16
6.04	HR SP 88
6.00	HR SP C2

(For more information, click on "HR Support Packages Schedule" in support.sap.com/maintenance-schedule)

Solution

Changes have been made to the MP00164E include to avoid unnecessary error messages.

- The "Indique fecha de fin del contrato (limitado hasta)" (RP 106) message category has been changed from error to warning
- The "Duración contrato inferior a duración mínima. Corrija fecha límite." (5E 062) and the "Duración contrato superior a duración máxima. Corrija fecha límite." (5E 063) messages will no longer be

displayed in case of invalid Durac.lim.hasta (CTEDT) field values, such as initial value or date out of the infotype entry validity. In these cases, specific warning or error messages will be displayed.

Good to know: during the piloting phase, this SAP Note may be updated and versioned depending on feedback from pilot customers. After this SAP Note changes to status Released for Customer, it will not be changed anymore, unless there is a very specific situation that demands changes. If this is the case, a reason for the change will be specified in the SAP Note.

Version	Date	Reason
1	December 23, 2016	Pilot release

As a general rule, SAP recommends that you install a solution by applying a Support Package. However, if you need to install the solution earlier, proceed as follows:

1. Use Note Assistant (SNOTE) to implement the correction instructions.

You can find more information about the Note Assistant in SAP Service Marketplace, under service.sap.com/note-assistant.
