Symptom

A new option is delivered with this SAP Note to allow you to include Complementaria por vacaciones no disfrutadas (L13) settlement in the same file as other settlements when running the SLD: fichero de bases (RPC_PAYES_CRETA_BASES).

Other Terms

&SLD - PC00_M04_CRETA_BASES; (for more information, see SAP Note 1071282)

Reason and Prerequisites

The SILTRA program currently accepts the L13 settlements to be delivered in the same file as other settlements, but the SLD bases report always included them in different files.

This SAP Note does not deliver a correction to an issue, but an improvement to the solution.

The following Support Package level is the minimum prerequisite:

Release	Support Package
6.08	HR SP 17
6.04	HR SP 89
6.00	HR SP C3

(For more information, click on "HR Support Packages Schedule" in support.sap.com/maintenance-schedule)

Solution

From now on, you can choose if the L13 settlements are generated in the same file of other settlements, or in different files.

The Informar L13 en el mismo fichero de otras liquidaciones (P_GTHLIQ) checkbox is displayed in the selection screen of the report. If you selects this option, the L13 settlements will be included in the same file as any other settlements handled by the report.
