## Symptom

You create an entry in the Datos de mensaje AFI (0799) infotype in the New Infotype Framework (HR Renewal) for a journey reduction after March 13, 2014, date on which the values from 016 to 027 of the Colectivo del trabajador (P0799-COLTR) field are made obsolete.

However, the user can still create an entry with an obsolete value, causing the file to be rejected.

## Other Terms
