

# 2401564 - SLD: Interval with 563 and without bases in non deliverable file

Version	2	Type	SAP Note
Language	English	Master Language	English
Priority	Correction with medium priority	Category	Correction of legal function
Release Status	Released for Customer	Released On	19.12.2016
Component	PY-ES (Spain)		

Please find the original document at <https://launchpad.support.sap.com/#/notes/2401564>

## Symptom

You run the SLD: fichero de bases (RPC\_PAYES\_CRETA\_BASES) report with the Reportar diferencias (P\_DIFFER) option for an employee with 16 absence days in a month with 31 days. The last absence day has the COMPENSACION IT ENFERMEDAD COMUN (563) concept and is reported in an one day interval. Also, the employee does not contribute to the Spanish Social Insurance in the last absence day, according to the criteria to adjust the month to 30 contribution days. The report generates a non deliverable file with this interval and the deliverable file is rejected.

## Other Terms

&SLD (for more information, see SAP Note 1071282)

PC00\_M04\_CRETA\_BASES, 563

## Reason and Prerequisites

SAP Note 2334599 delivers a solution that moves 563 concepts to a non deliverable file when there are no other concepts reported in the same interval. However, this behavior should only happen in there are no other concepts reported in the same month.

The following Support Package level is the minimum prerequisite:

Release	Support Package
6.08	HR SP 16
6.04	HR SP 88
6.00	HR SP C2

(For more information, click on "HR Support Packages Schedule" in [support.sap.com/maintenance-schedule](https://support.sap.com/maintenance-schedule))

## Solution

Corrections to the source code of the RPCPAYES\_CRETA\_INTERVAL\_C\_CIMP include have been provided to ensure that the 563 concepts will only be moved to a non deliverable file when there are no other positive concepts to be reported in the same month.

Version	Date	Reason

2	December 19, 2016	Release for Customer
---	-------------------	----------------------

As a general rule, SAP recommends that you install a solution by applying a Support Package. However, if you need to install the solution earlier, proceed as follows:

1. Use Note Assistant (SNOTE) to implement the correction instructions.

You can find more information about the Note Assistant in SAP Service Marketplace, under [service.sap.com/note-assistant](http://service.sap.com/note-assistant).
