

2428837 - PA: Corrections for temporal contracts in the Elementos contrato (0016) infotype in HR Renewal

Version	5	Type	SAP Note
Language	English	Master Language	English
Priority	Correction with medium priority	Category	Correction of legal function
Release Status	Released for Customer	Released On	29.03.2017
Component	PY-ES (Spain)		

Please find the original document at <https://launchpad.support.sap.com/#/notes/2428837>

Symptom

You create or edit an entry in the Elementos contrato (0016) in the New Infotype Framework (HR Renewal) and the following symptoms occur:

1. The Durac.lim.hasta (CTEDT) field is not being displayed for a temporal contract (T5E60-TIPO equal to 'T'), if you have customized the Clases de contrato (V_T547V) view with values not standard.
2. The Contratos: Días que restan hasta fin del contrato (CONDI) field is not being filled automatically.

Other Terms

&PA (for more information, see SAP Note 1071282)

HR Renewal

Reason and Prerequisites

1. The issue happens because the field CTEDT was being set to be displayed only if the V_T547V view had the value '02'. This is incorrect, considering that the view is type 'C' and can be customized by the customer.
2. The field should be filled with the days that are left from the current date (syst-datum) to the date set in the CTEDT field. However, the infotype logic was not filling this field.

The following Support Package level is the minimum prerequisite:

Release	Support Package
EA-HRCES 608	HR SP 19
EA-HRCES 607	HR SP 42
EA-HRCES 606	HR SP 53
EA-HRCES 605	HR SP 68
EA-HRCES 604	HR SP 91
EA-HRCES 603	HR SP 99
EA-HRCES 602	HR SP A4
EA-HRCES 600	HR SP C5

(For more information, click on "HR Support Packages Schedule" in support.sap.com/maintenance-schedule)

Solution

From now on, when creating or editing an entry for a temporal contract, the CTEDT field will be displayed and enabled for input, and the CONDI field will be correctly filled.

Version	Date	Reason
5	March 29, 2017	Released for Customer

As a general rule, SAP recommends that you install a solution by applying a Support Package. However, if you need to install the solution earlier, proceed as follows:

1. Use Note Assistant (SNOTE) to implement the correction instructions.

You can find more information about the Note Assistant in SAP Service Marketplace, under service.sap.com/note-assistant.
