## Symptom

You have the Atrasos de gastos deducibles(IAGST) customer situation set with Atrasos de gastos en /4KA y /4LA(01) value and run the Cálculo de nómina española (RPCALCE0) program for more than one original period. If one of this periods generates any Atrasos gastos ejer.ant. (/4KA) or No atr. gastos ejer.ant. (/4LA) wage types, the wage type amount is being copied for each subsequent period.

## Reason and Prerequisites

This issue is a side effect caused by the solution delivered by SAP Note 2233941.

Good to know: when you install an SAP Note, some prerequisites might be required. The prerequisites are SAP Notes that were already released and that change the same context of the current SAP Note. So, even if these prerequisites are not necessarily related to the symptom of the current SAP Note, you should implement them due to technical reasons.

The following Support Package level is the minimum prerequisite:

Release	Support Package
6.08	HR SP 19
6.04	HR SP 91
6.00	HR SP C5

(For more information, click on "HR Support Packages Schedule" in [support.sap.com/maintenance-schedule](https://support.sap.com/maintenance-schedule))

## Solution

Code changes have been provided to the Gestión de gastos deducibles (CL\_HRPAYES\_DEDUCTIBLE\_EXPENSES) class to avoid duplicating the deductible expenses arrears and no arrears through the periods.

Good to know: during the piloting phase, this SAP Note may be updated and versioned depending on feedback from pilot customers. After this SAP Note changes to status Released for Customer, it will not be changed anymore, unless there is a very specific situation that demands changes. If this is the case, a reason for the change will be specified in the SAP Note.

Version	Date	Reason

As a general rule, SAP recommends that you install a solution by applying a Support Package. However, if you need to install the solution earlier, proceed as follows:

1. Use Note Assistant (SNOTE) to implement the correction instructions.

You can find more information about the Note Assistant in SAP Service Marketplace, under <https://support.sap.com/kb-incidents/notes/assistant.html>.
