

2415421 - SLD: Benefits in 663 and without bases in deliverable file

Version	3	Type	SAP Note
Language	English	Master Language	English
Priority	Correction with medium priority	Category	Correction of legal function
Release Status	Released for Customer	Released On	17.02.2017
Component	PY-ES (Spain)		

Please find the original document at <https://launchpad.support.sap.com/#/notes/2415421>

Symptom

You run the SLD: fichero de bases (RPC_PAYES_CRETA_BASES) report to generate an additional settlement with benefits (prestaciones) to be reported in the Comp. IT por Accidente de Trabajo (C663) concept, but without bases. The file is rejected by the Spanish Social Insurance.

Other Terms

&SLD (for more information, see SAP Note 1071282)

PC00_M04_CRETA_BASES, 663

Reason and Prerequisites

The 663 concept will have the same behavior of the Compensacion IT Enfermedad Comun (563) concept, which was delivered in SAP Note 2334599.

Good to know: when you install an SAP Note, some prerequisites might be required. The prerequisites are SAP Notes that were already released and that change the same context of the current SAP Note. So, even if these prerequisites are not necessarily related to the symptom of the current SAP Note, you should implement them due to technical reasons.

The following Support Package level is the minimum prerequisite:

Release	Support Package
6.08	HR SP 18
6.04	HR SP 90
6.00	HR SP C4

(For more information, click on "HR Support Packages Schedule" in support.sap.com/maintenance-schedule)

Solution

From now on, in these scenarios, the 663 concept will be reported in a non-deliverable file.

Good to know: during the piloting phase, this SAP Note may be updated and versioned depending on feedback from pilot customers. After this SAP Note changes to status Released for Customer, it will not be changed anymore, unless there is a very specific situation that demands changes. If this is the case, a reason for the change will be specified in the SAP Note.

Version	Date	Reason
3	February 17, 2017	Released for customer

As a general rule, SAP recommends that you install a solution by applying a Support Package. However, if you need to install the solution earlier, proceed as follows:

1. Use Note Assistant (SNOTE) to implement the correction instructions.

You can find more information about the Note Assistant in SAP Service Marketplace, under service.sap.com/note-assistant.
