Symptom

You run the Mensaje de Afiliación AFI (RPCAFIE0) report for an employee with a secondary CCC. The regime of the primary CCC is considered instead of the regime from the secondary CCC.

Other Terms

&AFI - PC00_M04_MENS_AFI (for more information, see SAP Note [1071282](#))

Reason and Prerequisites

The program was calling a function that only retrieved the regime of the primary CCC, and that was the value being used.

This SAP Note is relevant only for Spain.

Good to know: when you install an SAP Note, some prerequisites might be required. The prerequisites are SAP Notes that were already released and that change the same context of the current SAP Note. So, even if these prerequisites are not necessarily related to the symptom of the current SAP Note, you should implement them due to technical reasons.

The following Support Package level is the minimum prerequisite:

| Release | Support Package |
|---------|-----------------|
| 6.08 | HR SP 27 |
| 6.04 | HR SP 99 |
| 6.00 | HR SP D3 |

(For more information, click "HR Support Packages Schedule" in support.sap.com/maintenance-schedule)

Solution

The program now gets the regime for a CCC through the Asignación de centro para la Seg.Social (T5E12) table, instead of using the regime from the function module.

Good to know: during the piloting phase, this SAP Note may be updated and versioned depending on feedback from pilot customers. After this SAP Note changes to status Released for Customer, it will not be changed anymore, unless there is a very specific situation that demands changes. In this case, a reason for the change will be specified in the SAP Note.

| Version | Date | Reason |
|---------|------------------|-----------------------|
| 2 | October 10, 2017 | Released for customer |

As a general rule, SAP recommends that you install a solution by applying a Support Package. However, if you need to install the solution earlier, proceed as follows:

1. Use Note Assistant (SNOTE) to implement the correction instructions.

You can find more information about the Note Assistant in SAP Service Marketplace, under [SAP Note Assistant](#).
