

2465482 - CALC: Split in day 31 with minimum contribution basis in case of amounts smaller than the minimum

Version	2	Type	SAP Note
Language	Inglés	Master Language	Inglés
Priority	Correction with medium priority	Category	Correction of legal function
Release Status	Released for Customer	Released On	04.05.2017
Component	PY-ES (Spain)		

Please find the original document at <https://launchpad.support.sap.com/#/notes/2465482>

Symptom

You run the Cálculo de nómina española (RPCALCE0) report for an employee with a payroll split in the 31st day of a month. In the second split, the Base de cotización teórica de contingencias comunes (/102) wage type is calculated with an amount smaller than the minimum daily contribution. Nevertheless a Base de cotización de contingencias comunes (/342) wage type is generated with the minimum amount for one day, leading to a wrong total contribution base in the month

Other Terms

&CALC - PC00_M04_CALC (for more information, see SAP Note [1071282](#))

Reason and Prerequisites

This issue is a side effect caused by the solution delivered by SAP Note 2221427. SAP Note 2366353 partially solves this issue, but only in cases that no amount is cumulated in the /102 wage type.

Good to know: when you install an SAP Note, some prerequisites might be required. The prerequisites are SAP Notes that were already released and that change the same context of the current SAP Note. So, even if these prerequisites are not necessarily related to the symptom of the current SAP Note, you should implement them due to technical reasons.

The following Support Package level is the minimum prerequisite:

Release	Support Package
6.08	HR SP 21
6.04	HR SP 93
6.00	HR SP C7

(For more information, click on "HR Support Packages Schedule" in support.sap.com/maintenance-schedule)

Solution

Corrections to source code of RPCS96E0 report have been provided to avoid the calculation of the /342 wage type when there is no contribution base to be calculated in the day 31.

Good to know: during the piloting phase, this SAP Note may be updated and versioned depending on feedback from pilot customers. After this SAP Note changes to status Released for Customer, it will not be changed anymore, unless there is a very specific situation that demands changes. If this is the case, a reason for the change will be specified in the SAP Note.

Version	Date	Reason
2	May 4, 2017	Released for customer

As a general rule, SAP recommends that you install a solution by applying a Support Package. However, if you need to install the solution earlier, proceed as follows:

1. Use Note Assistant (SNOTE) to implement the correction instructions.

You can find more information about the Note Assistant in SAP Service Marketplace, under <https://support.sap.com/kb-incidents/notes/assistant.html>.

To avoid problems with retroactivity the changes were sheltered with the protect correction 'NOTE' '02465482' on table T5F99VD. For further information see note 515323.
