

2581784 - CONTRAT@: Error message for employees with country of domicile other than Spain

Version	2	Type	SAP Note
Language	English	Master Language	English
Priority	Correction with medium priority	Category	Correction of legal function
Release Status	Released for Customer	Released On	04.01.2018
Component	PY-ES (Spain)		

Please find the original document at <https://launchpad.support.sap.com/#/notes/2581784>

Symptom

You run the Comunicación de contratos al SEPE (RPCINEE0) program for an employee that lives outside Spain. When executing the Evaluación de respuestas del SEPE (RPUINEE0) program to process the XML response file for this employee, the following error message is displayed: "No se puede especificar el municipio de domicilio siendo el país de domicilio distinto de España".

Other Terms

&CONTRAT@ (for more information, see SAP Note [1071282](#))

Reason and Prerequisites

The issue occurs because it is only mandatory to inform the municipality of residence for the employees that live in Spain. When informing the municipality for an employee that lives outside Spain, the SEPE generates a message error in the XML response file.

Good to know: when you install an SAP Note, some prerequisites might be required. The prerequisites are SAP Notes that were already released and that change the same context of the current SAP Note. So, even if these prerequisites are not necessarily related to the symptom of the current SAP Note, you should implement them due to technical reasons.

The following Support Package level is the minimum prerequisite:

Release	Support Package
6.08	HR SP 30
6.04	HR SP A2
6.00	HR SP D6

(For more information, click "HR Support Packages Schedule" in support.sap.com/maintenance-schedule)

Solution

The source code of the RPCINEE0 program was changed to generate the <MUNICIPIO_RESIDENCIA> XML tag only for employees who lives in Spain.

Good to know: during the piloting phase, this SAP Note may be updated and versioned depending on feedback from pilot customers. After this SAP Note changes to status Released for Customer, it will not be changed anymore, unless there is a very specific situation that demands changes. In this case, a reason for the change will be specified in the SAP Note.

Version	Date	Reason
2	January 04, 2018	Released for customer

As a general rule, SAP recommends that you install a solution by applying a Support Package. However, if you need to install the solution earlier, proceed as follows:

1. Use Note Assistant (SNOTE) to implement the correction instructions.

You can find more information about the Note Assistant in SAP Service Marketplace, under [SAP Note Assistant](#).

Software Components
