## Symptom

As described in SAP ONE Support Launchpad - [SLD: version updates to calculation file \(V110\) and response file \(V120\)](#), this SAP Note provides you with the relevant system changes to the SLD: procesamiento de ficheros (RPC\_PAYES\_CRETA\_FILES) report, in order to include new optional tags (for future use) to the Fichero de Cálculos and Fichero de Respuesta file options, supporting its version update, from V101 to V110 and from V110 to V120, respectively.
