

2588784 - AFI: structure fields not removed after running UDO report for SAP Note 2579128

Version	3	Type	SAP Note
Language	English	Master Language	English
Priority	Correction with medium priority	Category	Correction of legal function
Release Status	Released for Customer	Released On	17.01.2018
Component	PY-ES (Spain)		

Please find the original document at <https://launchpad.support.sap.com/#/notes/2588784>

Symptom

You applied SAP Notes [2579128](#) (AFI: updates to the AFI and FRA files for version 8.7.0 of WinSuite32) and [2580474](#) (AFI: delivery of objects for SAP Note 2579128) and the structures Sistema RED: Reg.fechas de alta/baja (HRPADES_S_AFI_FAB) and Datos Asociados al Movimiento (HRPAYES_S_AFI_DAM) modified by the UDO report were not correctly updated.

This causes that the AFI file generated by the Mensaje de Afiliación (RPCAFIE0) report is not generated correctly.

Other Terms

&AFI - PC00_M04_MENS_AFI (for more information, see SAP Note [1071282](#))

Reason and Prerequisites

The UDO report is not deleting the following fields:

- RESERVADO (from structure HRPAGES_S_AFI_FAB)
- DIASI (from structure HRPAYES_S_AFI_DAM)
- DIANO (from structure HRPAYES_S_AFI_DAM)

This issue is a side effect caused by the solution delivered by SAP Note [2580474](#).

Good to know: when you install an SAP Note, some prerequisites might be required. The prerequisites are SAP Notes that were already released and that change the same context of the current SAP Note. So, even if these prerequisites are not necessarily related to the symptom of the current SAP Note, you should implement them due to technical reasons.

The following Support Package level is the minimum prerequisite:

Release	Support Package
6.08	HR SP 30
6.04	HR SP A2
6.00	HR SP D6

(For more information, click "HR Support Packages Schedule" in support.sap.com/maintenance-schedule)

Solution

This note provides the manual steps to correctly delete the fields from the structures.

Good to know: during the piloting phase, this SAP Note may be updated and versioned depending on feedback from pilot customers. After this SAP Note changes to status Released for Customer, it will not be changed anymore, unless there is a very specific situation that demands changes. In this case, a reason for the change will be specified in the SAP Note.

Version	Date	Reason
3	January 17, 2018	Released for Customer

As a general rule, SAP recommends that you install a solution by applying a Support Package. However, if you need to install the solution earlier, proceed as follows:

1. Apply the manual steps.

You can find more information about the Note Assistant in SAP Service Marketplace, under [SAP Note Assistant](#).
