Release Status	Released for Customer	Released On	03.11.2017
Component	PY-ES ( Spain )		

Please find the original document at <https://launchpad.support.sap.com/#/notes/2543946>

## Symptom

You run the Modelos de cotización para la Seguridad Social(RPCTC0E0) report for an employee with non-taken vacation (VND) days and maternity absence. The allowance (bonificaciones) amount is not being distributed between L00 and L13 liquidations.

## Other Terms

&TC (for more information, see SAP Note [1071282](#))

## Reason and Prerequisites

The system was not able to distribute the allowance amount when the L00 liquidation has only maternity basis to report.

This SAP Note is relevant only for Spain.

Good to know: when you install an SAP Note, some prerequisites might be required. The prerequisites are SAP Notes that were already released and that change the same context of the current SAP Note. So, even if these prerequisites are not necessarily related to the symptom of the current SAP Note, you should implement them due to technical reasons.

The following Support Package level is the minimum prerequisite:

Release	Support Package
6.08	HR SP 28
6.04	HR SP A0
6.00	HR SP D4

(For more information, click "HR Support Packages Schedule" in [support.sap.com/maintenance-schedule](https://support.sap.com/maintenance-schedule))

## Solution

From now on when there is only maternity basis in the L00 liquidation, the RPCTC0E0 report will distribute the allowance amount correctly.

Good to know: during the piloting phase, this SAP Note may be updated and versioned depending on feedback from pilot customers. After this SAP Note changes to status Released for Customer, it will not be

changed anymore, unless there is a very specific situation that demands changes. In this case, a reason for the change will be specified in the SAP Note.

As a general rule, SAP recommends that you install a solution by applying a Support Package. However, if you need to install the solution earlier, proceed as follows:

1. Use Note Assistant (SNOTE) to implement the correction instructions.

You can find more information about the Note Assistant in SAP Service Marketplace, under [SAP Note Assistant](#).
