

2598161 - AFI: "Relación laboral especial" and "Causa de sustitución" fields from DAM segment should be filled with zeros when empty

Version	2	Type	SAP Note
Language	Inglés	Master Language	Inglés
Priority	Correction with medium priority	Category	Correction of legal function
Release Status	Released for Customer	Released On	07.02.2018
Component	PY-ES (Spain)		

Please find the original document at <https://launchpad.support.sap.com/#/notes/2598161>

Symptom

You run the Mensaje de Afiliación (RPCAFIE0) program and the Relación laboral especial (Ref. 1430) and Causa de sustitución (Ref. 1450) fields from the Datos Asociados al Movimiento (DAM) segment are being filled with blanks instead of zeros when they are empty.

Other Terms

&AFI - PC00_M04_MENS_AFI, PC00_M04_RESP_FRA (for more information, see SAP Note [1071282](#))

Reason and Prerequisites

The Social Insurance is rejecting files that have any of these fields filled with blanks. According to the AFI layout, these fields should be filled with zeros when they are empty.

Good to know: when you install an SAP Note, some prerequisites might be required. The prerequisites are SAP Notes that were already released and that change the same context of the current SAP Note. So, even if these prerequisites are not necessarily related to the symptom of the current SAP Note, you should implement them due to technical reasons.

The following Support Package level is the minimum prerequisite:

Release	Support Package
6.08	HR SP 31
6.04	HR SP A3
6.00	HR SP D7

(For more information, click "HR Support Packages Schedule" in support.sap.com/maintenance-schedule)

Solution

From now on, these fields will be filled with zeros when they are empty.

Good to know: during the piloting phase, this SAP Note may be updated and versioned depending on feedback from pilot customers. After this SAP Note changes to status Released for Customer, it will not be changed anymore, unless there is a very specific situation that demands changes. In this case, a reason for the change will be specified in the SAP Note.

Version	Date	Reason
2	February 07, 2018	SAP Note released for customers.

As a general rule, SAP recommends that you install a solution by applying a Support Package. However, if you need to install the solution earlier, proceed as follows:

1. Use Note Assistant (SNOTE) to implement the correction instructions.

You can find more information about the Note Assistant in SAP Service Marketplace, under [SAP Note Assistant](#).
