

2591009 - 190: Formatting employee's name for TemSe file

Version	1	Type	SAP Note
Language	Inglés	Master Language	Inglés
Priority	Correction with medium priority	Category	Correction of legal function
Release Status	Released for Customer	Released On	19.01.2018
Component	PY-ES (Spain)		

Please find the original document at <https://launchpad.support.sap.com/#/notes/2591009>

Symptom

This SAP Note provides a new option to define the employee name formatting of the TemSe file generated in the Informes de I.R.P.F. (RPC190E0) program.

Other Terms

&190 - PC00_M04_C190 (for more information, see SAP Note [1071282](#))

Reason and Prerequisites

You have to apply SAP Note 2590877 as prerequisite.

Good to know: when you install an SAP Note, some prerequisites might be required. The prerequisites are SAP Notes that were already released and that change the same context of the current SAP Note. So, even if these prerequisites are not necessarily related to the symptom of the current SAP Note, you should implement them due to technical reasons.

The following Support Package level is the minimum prerequisite:

Release	Support Package
6.08	HR SP 30
6.04	HR SP A2
6.00	HR SP D6

(For more information, click "HR Support Packages Schedule" in support.sap.com/maintenance-schedule)

Solution

From now on, you can customize the employee name format used in the RPC190E0 program. There are two different format keys available in the Formato para edición nombre HR (T522F) table view:

- RPC190E0: this key is used to format the employee name in the TemSe files;
- RPCPAYES_190_TECH_LOG_NODE_CD: this key is used to format the employee name in the technical log node;

To customize the name formats in IMG, follow path Guía de implementación de Customizing SAP -> Gestión de personal -> Gestión de personal -> Datos personales -> Edición del nombre. This takes you to the table views where you may change the formats according to your requirements.

Version	Date	Reason
1	January 19, 2018	Released for customer

1. Apply the manual pre-implementation steps.
2. Use Note Assistant (SNOTE) to implement the correction instructions..

Manual Activities

```
